The screenshot displays the SAP Cloud Platform Cockpit interface. The top navigation bar includes the SAP logo and the text "SAP Cloud Platform Cockpit". Below this, a breadcrumb trail shows the path: Home [Europe (Frankfurt)] / SAP Intelligent Robotic Process Automation. The main content area is titled "Subscription: SAP Intelligent Robotic Process Automation - Overview". A status indicator "Not Subscribed" is present, along with a "Subscribe" button highlighted by a red rectangle. The interface is divided into three main sections: "Application Description", "Availability", and "Application Configuration".

Subscription: SAP Intelligent Robotic Process Automation - Overview

Application Description

SAP Intelligent Robotic Process Automation lets you automate enterprise business processes. Design process automations with the Desktop Studio by creating end-to-end scenarios. Import these scenarios into the cloud Factory to configure and execute them with Agents. An Agent can work as a Digital Assistant (attended automation) or as a Digital Worker (unattended automation).

Below this, a breadcrumb trail shows the path: Home [Europe (Frankfurt)] / SAP Intelligent Robotic Process Automation. The main content area is titled "Subscription: SAP Intelligent Robotic Process Automation - Overview". A green "Subscribed" button is highlighted with a red rectangle, and a blue "Unsubscribe" button is located below it. The "Application Description" section provides details about SAP Intelligent Robotic Process Automation, including a link to "Documentation" and a "Go to Application" button. The "Availability" section lists supported regions: Australia (Sydney), Europe (Frankfurt), Japan (Tokyo), and US East (VA), with a note that NEO is currently not available for the NEO environment. The "Application Configuration" section includes a link to "Manage Roles".

Assign SAP Intelligent RPA roles to users

The screenshot displays the SAP Cloud Platform Cockpit interface. The top navigation bar includes the SAP logo, the text 'SAP Cloud Platform Cockpit', and user information 'Rosa'. The left sidebar shows the 'Role Collection Assignment' menu. The main content area is titled 'Trust Configuration: SAP ID Service - Role Collection Assignment' with a sub-header 'All: 0'. A search bar is visible on the right. A modal dialog box titled 'Assign Role Collection' is open in the foreground. It contains the text 'Assigning a role collection to a user with all the scopes contained within the role collection.' and a dropdown menu for 'Role Collection' with 'IRPAOfficer' selected. The dialog has two buttons at the bottom: 'Assign Role Collection' and 'Cancel'.

Getting Started with Cloud Factory

Ready to launch the cloud factory

The screenshot displays the SAP Cloud Platform Cockpit interface. The left sidebar contains navigation links: Overview, Subscriptions (highlighted with a red border), Connectivity, Security, Administrators, Role Collections, and Trust Configuration. The main content area is titled 'Subaccount: RPA Account - Subscriptions' and shows a list of SaaS Applications. Two applications are listed: 'Audit Log Viewer' (Not Subscribed) and 'SAP Intelligent Robotic Process ...' (Subscribed). The 'Go to Application' link for the 'SAP Intelligent Robotic Process ...' application is highlighted with a red border.
